National Sun Yat-sen University
Department of Computer Science and Engineering
Regulations for Transferring Credit of Undergraduate Program

Article 1　The Regulations for Transferring Credit of Undergraduate Program (Hereafter referred as "the Regulations") are formulated in accordance with "National Sun Yat-sen University Credit Transfer Guidelines" (Hereafter referred as " NSYSU").

Article 2　The Office of Department of Computer Science and Engineering (Hereafter referred as "the Department") accepts and preliminary review applications for credit transferring prior to two working days of assigned date of school noted on academic calendar. The credit transferring results will be announced by the Office of Academic Affairs.

Article 3　Required Documents:

1. Credit Transferring Application Form with advisor's or mentor's signature.

2. One hardcopy of transcripts over the years and other required attachments noted in Article 5.

Article 4　All compulsory courses shall be taken at the Department. Should there be any special circumstances occurred when retaking the courses, students may take courses of other departments after receiving an approval from the Department. Students may apply for credits transferring based on the Department "Credit Transferring Conversion Table" after receiving passed scores for courses.

Article 5　Applications for transferring credits submitted by transferred students shall attach "Syllabus and Course Contents Form" with approvals from course instructors and shall be filed in the Department Curriculum Meeting for future references.

Article 6　Should there be any matters not covered in the Regulations shall be handled in accordance with "National Sun Yat-sen University Academic Regulations."

Article 7　The Regulations shall be implemented following approvals of the Department Curriculum Meeting. The same procedure shall be carried out when amendments are to be made.

National Sun Yat-sen University
Department of Computer Science and Engineering
Credit Transferring Conversion Table

Update on Oct. 7, 2015

Compulsory Courses(Credits)	Credit Transferable Courses
Calculus (I)(3) Calculus (II)(3)	Only courses offered by departments under College of Engineering, College of Science and Department of Marine Environment and Engineering
CSE Calculus (3)	Only courses offered by departments under College of Engineering, College of Science and Department of Marine Environment and Engineering
Linear Algebra (3)	Linear Algebra offered by Department of Electrical Engineering or Linear Algebra (I) offered by Department of Applied Mathematics
Computer Programming (3)	C Computer Programming offered by Department of Computer Science and Engineering
Discrete Mathematics(3)	Discrete Mathematics (I) offered by Department of Applied Mathematics
Engineering Mathematics (3)	Fundamental Signal Processing elective courses offered by Department of Computer and Science Engineering
Basic Circuit Theory (I)(3)	Circuit Theory (I) offered by Department of Electrical Engineering
Basic Circuit Theory (II)(3)	Digital Electronics offered by Department of Computer Science and Engineering
Data Structures (3)	Data Structures offered by Department of Applied Mathematics and Department of Electrical Engineering
Operating Systems (3)	Operating Systems offered by Department of Electrical Engineering
Probability (3) Introduction to Probability and Statistics (3)	Probability Theory offered by Department of Electrical Engineering
Introduction to Computer Science and Engineering	Introduction to Computers offered by Department of Electrical Engineering or Introduction to Computer Science offered by Department of Photonics and Department of Applied Mathematics
